

## Job Description

### Service Centre Manager – (Automotive Repair)

Ref: J056/DC/C0005/2019

Award winning automotive repair network. Loves cars, customer centric. Innovate in your centre.

Our client is a regional conglomerate with an award winning and growing automotive repair network. As a central business pillar the leadership has targeted the repair network and wishes to take it to the next level. If you love automobiles, especially Japanese brands, working with high tech repair equipment, with the customer at the heart and have a sharp operational head and understands running a profitable centre, then we are looking for you.

Your centre is made up of hearty, well trained and passionate team members. You will innovate your centre as it handles high volumes of work and use your experience to bring in operational efficiencies and at the end of the day, their customers will come back, again and again.

You will be a mechanical engineering or automotive degree holder, and be an established leader, and has the tools and vision to take the business to the next level. You will have led a service centre or be an experienced service advisor.

Great service and passion for things mechanical is the difference between just being a repair centre and the award-winning network the client has established. If this is you, then Step Up and contact us.
